10:10am

Kick off: Years 7-10
35 minutes each way, penalties, no extra time

12:00pm

Presentation of trophies in the Sports Hall: all teams expected to attend - parents and spectators also welcome

SECRETARY NOTES

Welcome to the Rotherham Schools Finals Day 2025. Today marks the conclusion of the Rotherham Football Schools calendar, and, as always, we have had 17 schools and colleges competing from September to battle it out to be crowned champions of the Borough in their year group. This year has again been another special competition with over 70 games of football being played competitively, showcasing the best that Rotherham has to offer for local talented footballers. It gives me great pleasure today knowing that the players and schools that have made finals day will put on a spectacle of fantastic football entertainment.

Last year saw Maltby Learning Trust and Wickersley School and Sports College work collaboratively on the event and this year we have continued this partnership. I hope that this year we bring better weather, but I would like to thank Wickersley and MLT for their tireless work behind the scenes in ensuring this event is a memory that the players will continue to talk about way beyond their school lives. Every year, the Rotherham Cup provides moments that students, coaches, parents and supporters will never forget, but I must remind everyone of the enormous achievement and effort that the students have been a part of in finding themselves in the cup final today. Whatever the result or performance, the players and teachers should be incredibly proud of themselves and look back on today with huge pride. Today is a day we should all celebrate as we continue creating history of this huge event.

Having been a part of this competition as a coach and now an organiser, I think it is important we give credit to the schools and teachers for their hard work providing extra-curricular opportunities like this. It can go unnoticed the hours teachers put in ensuring students get an opportunity to participate in training sessions, fixtures and wider football opportunities. This commitment to ensuring our students have the best experience ensures that this cup competition is so prestigious and is a highlight of the Borough's academic calendar.

I would like to take this opportunity to thank Mick Bell again in ensuring that each of our fixtures are looked after professionally. I would kindly ask that you not only support our players and your school today, but that of the officials. We all know that without them, the players do not get the opportunity to showcase what incredible football talent Rotherham has to offer.

Maltby Learning Trust and Wickersley School and Sports College will have a number of staff around the site today, so please feel free to speak to any of the staff as we hope to make today's experience as enjoyable as possible.

We have again put together a match day programme - a small memento for the players to treasure and parents to read proudly as their son represents their school. This gives us all a chance to celebrate today, but also reflect back on last year's event and the history of this competition. We will again participate in an awards presentation, which will start approximately at 12 pm in the Sports Hall, to present trophies and take photos that will last a lifetime. We hope to see as many people there, celebrating everyone's success.

Good luck to everyone today: schools, staff and especially to the students. We have an outstanding offer for football across the Borough and we know that today will be another finals day we will be very proud of.
